Reviewers' Comments:

Reviewer #1:

The topic is interesting and important. However, there are several key areas that need more work.

- 1 - We recommend that the authors rewrite the abstract.

Template:

The article describes a new method/idea (etc.) ..., based on ..., enabling to Using (describe the methods), the authors (describe the obtained results)..... As an example, we illustrate the proposed method/technique... Our method/proposal allows to improve (any quantitative indicators by XX, X%)... The new method effectiveness evaluation is confirmed by the calculation New research results develop/supplement/improve ... and can be used for.... The novelty of the results.....

- 2 - Authors should explain better the criteria for selecting the research object and the limitations of the application of the results obtained should be specified.

- 3- Much more explanations and interpretations should be added to the result. It is suggested to compare the results of the present study with previous studies and analyze the results completely.
